DIVERSIFIED AND INTEKRAS FORM STRATEGIC ALLIANCE TO PROVIDE INFORMATION MANAGEMENT SOLUTIONS TO FEDERAL AND COMMERCIAL MARKETPLACES

SCRANTON, Pa.-December 22, 2008-Diversified Information Technologies, Inc. and Intekras, Inc. have announced the formation of a strategic partnership designed to better serve the needs of government and commercial information management clients.

This best-of-breed joint offering is a combination of solution-driven professional services performed in state-of-the-art, highly secure facilities that lead to high quality solutions with proven results.

“With a client base comprising numerous federal agencies and Fortune 100/500 organizations, our joint experience providing information management solutions to both the private sector and the federal government has created the development of a robust solution offering,” said Diversified President and CEO, Scott Byers.

As part of the alliance, Intekras will be establishing a local office in Scranton, Pa., where Diversified is headquartered, and Diversified will open an office in Sterling, Va. with Intekras. “This bilateral action emphasizes our joint commitment, and ensures close collaboration to better serve government in this important market segment,” said Darrell Green, chairman of Intekras. This is Diversified’s second Virginia location as the company owns a 225,000-square-foot information-management facility near Charlottesville.

About Diversified Information Technologies

Diversified owns and operates a portfolio of Highly Protected Risk Rated records storage and document processing facilities located in strategic cities across the country. All enterprise records storage and document imaging procedures are ISO 9001:2000 certified, and document conversion and data capture services are SAS 70 Type II certified. Additionally, Diversified was the first commercial vendor listed by NARA as an approved facility for the storage of federal records under 36 CFR 1228 Subpart K. For more information, visit www.diversifiedweb.com.

About Intekras

Intekras, an SBA-certified small business with core competencies in Information Security, Enterprise Content Management and Workforce Development, has extensive experience in records and document management. They have an outstanding track record of performance and a proven history of accomplishments working with US government agencies in both highly-secure and non-secure environments, e.g. the U.S. Navy and HHS/CMS, respectively. Furthermore, Intekras brings to the table solid past performance in handling sensitive information for both DOD and civilian agencies, e.g. HUD, Peace Corps, Homeland Security.
